

SAINT IGNATIUS' COLLEGE WEATHER POLICY 2013

HOT WEATHER POLICY:

If the temperature for the forthcoming Saturday is forecast to be 38 degrees or higher as per Friday's 12:00pm update on the Bureau of Meteorology website then all sport (with the possible exception of 1st XI Cricket) will be cancelled.

WET WEATHER POLICY:

All games go ahead (with the possible exception for Cricket in which case students will be told). Students are expected to attend their respective venue and a decision will be made on the day by teachers/coaches. Some areas of Adelaide receive less rain than others and some surfaces dry quicker than others hence why some games go ahead whilst others may not.

Any cancellations/forfeits are uploaded to the school website and so students should be encouraged to check this for any last minute updates.
