Give the gift of an Ignatian Education

BURSARIES 2014
The gift of an Ignatian Education

For more than 60 years Saint Ignatius’ College has proudly provided a rich Ignatian education to our families who have chosen our College, above all others, to provide opportunities for their children.

Throughout our history the College community has ensured our first-class education remains accessible to all young people, including students of different backgrounds and experiences, and those families experiencing financial hardships.

It is a deeply held value and tradition of the College and Jesuit charism that an Ignatian education remains available for all people despite their financial means; therefore, the College supports many students and families each year through a bursary fund sustained by our community.
Throughout its history Saint Ignatius’ College has depended on the generosity of many parents, families, old scholars and friends of the College to provide bursary support.

School fees are directed towards tuition and College based wider-curriculum needs and therefore do not cover the provision of bursaries to families in need of our kindness and support.

To ensure we can continue to welcome new students and families to the school, in addition to supporting current families experiencing hardship, today we are asking for your support in Enriching Young Lives by Creating Opportunities for students and families in need of our generosity of both heart and spirit.
